

SMART MUSIC PRICING

FALL 2013

A GREAT INVESTMENT!

To use the program on a computer you will need program and microphone.

To use the program on an iPad you will need the program only. There is a free SmartMusic app for the iPad. I have requested that the free SmartMusic app be on the iPads for the start of school. If it isn't, the student can download it if they are 13 and have an Apple ID.

Cost of lease of program for 1 year:	\$40
USB microphone for computer	\$30
Windows microphone for computer (plug in)	\$20

You may go to *smartmusic.com* and lease the program for one year and use your charge card.

Group Discount Pricing – must turn in order to Mr. Vechinski with check, cash or money order so a bulk order can be placed.

Cost of lease of program for 1 year:	\$35
USB microphone for computer	\$27
Windows microphone for computer (plug in)	\$18

.....

Yes! I want to order SmartMusic for my child. I understand that if I don't order it, my child will still have access to it in the RMS band practice rooms.
